

An Open Statement to Our Elected Officials

We the undersigned members of St. Joseph Catholic Church (Saint Johns, Michigan): comprised of Republican, Democratic, and Independent voters, publicly reaffirm our faith in Jesus Christ with this letter and exhort you, when exercising your public office, to be mindful of, and respect the principles of our Christian faith. As tax paying citizens and registered voters, we wish to inform you that by voting for you and electing you to public office, we expect that our faith (and its application in the public square) will be protected and advanced by the decisions you make while in office. In particular, we would expect you to defend and support the sanctity of life, from conception until natural death, both in principle and in application of your office as it relates to abortion, the death penalty, assisted suicide, and all matters that threaten to diminish the sacredness of human life.

CC: President Donald Trump, Vice President Mike Pence, former Vice President Joe Biden, Rep. Kamala Harris, Jo Jorgensen, Jeremy Cohen, Governor Gretchen Whitmer, Attorney General Dana Nessel, John James, Senator Gary Peters, Senator Debbie Stabenow, Rep. John Moolenaar, David Canny

Sincerely in Christ,
