Other Skills I'd Like to Share:

We are often held back from recognizing or sharing our gifts because of a narrow definition of “talent.” We think “talented people” are extraordinary achievers or have easily identifiable gifts, such as musical ability or artistic talent. We must remember that each one of us was created by God and was given the ability to serve God and each other in some way. Talents include being a good listener, being able to organize people, relating well to children or teens, being patient with others and numerous other less-recognized gifts. Our gifts often change during our lives: in our youth our gift may be energy; when we’re older, it is knowledge. We are each one-of-a-kind creations of God with unique contributions to make in this world. As Christians we recognize that our gifts of talents and skills are meant to be cultivated and shared with others, beginning with our family and friends, with our parish community and with the world. Your parish needs your gifts and talents. Please indicate by placing a check mark next to the talent below if you possess and are willing to share that talent for the betterment of your parish if needed in the future.
