WE ARE ALL EVANGELIZERS

(and whatever else is on
Deacon Eric's mind)

NDE's -- Something to Ponder

I've never spent much time thinking about Near-Death Experiences (NDE's), but that's changed with my viewing of a new movie entitled "After Death." Presented in a documentary style, the movie follows the stories of several people who have had an NDE and the outcomes vary greatly. The experiences, however, show a great similarity. Many of the people report hovering above their bodies at crash sites or hospital operating rooms. Many see a tunnel of light that they describe as "pure love."

I am neither promoting nor discouraging anyone to go see the movie. I will say that it is well-produced -- a product of Angel Studios of "The Chosen" fame and if you are even remotely interested or have read any of the books from which the movie drew material, than you will likely enjoy it. (The Church has not tak-

en an official position on NDE's, so, in Fr. Mike's words, you can believe or not believe, like private revelation.)

As I mentioned, I had never put much thought into NDE's and what little I did think of it led me to think it would be, in technical language, "pretty cool." But according to many of the events studied, that is not the case. A person who was in a horrific auto crash, for example, came back to his severely-mangled body which took many months from which to recover. There was no miracle cure associated with his NDE. Another man had his wife and children turn against him, thinking he was crazy as he constantly pushed the concept of love. The wife divorced him. But an interesting turnaround then occurred in his relationship with his father, who accepted his overtures of love. The father had physically and psychologically abused the man when he was growing up. A part of God's plan perhaps?

One more item of note worth mentioning is that many people never talk about their experienc-

es fearing what happened to the man I just mentioned -- that people won't believe them and think they are mentally challenged. Some tell their spouses after a few years while some reveal the NDE details only to a therapist. Then there are those who process their NDE and go about their lives secure in their minds that there is such a thing as a soul and heaven.

God is mentioned in the film several times by those with NDE's, but the movie does not include any priest or Catholic representatives. The most skeptical scientist of the movie makes it clear near the end, that these are stories of resuscitation, not of resurrections. When he started his research, he had serious doubts about NDE's, but by the end, he was totally involved in their study. His role as a scientist, he says, is to follow the data.

So see the movie if you want.
Believe what you want to believe.

Lansing and need the Anointing of the Sick?

When you or your loved one is ill, receiving the Sacrament of the Sick is important. When in a Lansing area hospital, please let your attending nurse know you would like the Anointing of the Sick. They will contact the chaplain who will, in turn, contact a local priest who is "on call" to come and give you the sacrament. This is the quickest way for you or your loved one to receive the sacrament, if they didn't already receive it before going into the hospital.

A Prayer for Thanksgiving

Loving God,

We turn our hearts to you on this day for giving thanks, mindful of your many gifts.

For each one, we are grateful.

For each one, we are blessed.

For each one we are opened to the abundance of your love.

May this Thanksgiving Day offer a reminder to be generous with others, as you are with us.

We praise you.

We rejoice in you.

We give you thanks.

Amen

Are you or someone you know the right person for this job? Please listen to God's calling – you might be the one!

Do you enjoy giving Gift Cards?

For those of you that aren't aware of this, our SCRIP program is open to everyone. You do not need to have a child enrolled at St Joseph's school to utilize this program.
